Created by God: Built for a Purpose | The Road

Reread Luke 24:13-35

How do we go about figuring out what God wants for our life? Like the two disciples on the road to Emmaus, we need to know what some steps are when working through disappointment, doubt and uncertainty. Faith practices like worship, study, service, and offering establish the rhythm of our walk and help us to be open to Jesus joining us on our road.

1. Share with the group a time when you faced disappointment or doubt?
2. If you looked at your calendar what things make up the rhythm of your life? What things repeat again and again? Do they happen at regular intervals or sporadically?
3. Claire spoke about the pattern of life that happens at camp including Morning devotions, prayer, laughter, bible study, fellowship, offering, service, and evening worship. Where can you see these faith practices in your life?
4. Are some of the items you listed for question 2 on the list for question 3? Why do you think that is?
5. How do faith practices (devotions, prayer, laughter, bible study, fellowship, offering, service, worship, etc.) orient your life toward God?
6. What questions are you wrestling with in your life now?
7. What are faith practices you could explore to help open yourself to God and hearing God's voice in your life?
